

Replay 40

The Replay EVO range includes a series of basic chamber wrapping machines, while not sacrificing the typical quality of the products by Record Packaging. Thanks to the excellent value for money, offering new cutting-edge systems at affordable prices, it is the most competitive proposition among all our series of chamber machines.

Replay 40 EVO combines a high technological content with important qualities such as compact and essential shapes, pairing efficacy with excellence.

Technical Solutions

High-performance steel resistors: shrinking time cut by 50% and heating time cut by 60%

Soft Shrink fan speed adjustment: perfect heat-shrinking also on very light or flexible products. Sealed areas do not open. Extremely quiet. Exclusive patent

Comfort Zone Fan Stop: the fan stop is a "green" solution that allows to save 20% more energy and provides greater operator comfort during packaging, since the fan stops when the chamber opens
New latest-generation board: quality components. 4-digit display.
